OCT 25 1979

E.P.A. - D.L.P.C.  
STATE OF ILLINOIS

On Friday October 19, 1979, I visited the subject site from 4:25 - 4:40 P.M. I was accompanied by Messrs. Bob Lieberman and Randy Vereen of the Illinois Bureau of the Budget. The purpose of the visit was to introduce the aforementioned individuals to what I consider a substandard Special Waste operation.

While driving through the area I noticed a roll-off truck unloading drums at the west loading area. The truck was marked as follows:

Able Disposal Company  
Chesterton, Indiana  
Special Waste Hauler No. 0198/002

The truck unloaded the drums at the open ended Schiltz trailer where the drums were emptied into dumpsters. The driver of the truck was the same man that was observed delivering drums to this facility on October 17, 1979.

I also observed a flat-bed trailer sitting on the site. The trailer contained a full load of 55 gallon drums and displayed Special Waste Hauler No. 0038/--- (Rapid Liquid Waste-Crestwood, Illinois).
